

newzealand.com & TBD – Hurunui 26 May 2021

Today we'll cover

1. Overview of newzealand.com
2. How to list your products and deals via the Tourism Business Database
3. Tourism New Zealand Domestic Campaigns and how to be involved

newzealand.com

Website now targets international and domestic audiences

Serves as a “travel guide” and drives the booking of tourism products

Essential part of Tourism New Zealand’s digital media campaigns, including Do Something New NZ

Receives significant paid & organic traffic

newzealand.com – Content sources

Content helps visitors discover new possibilities then plan & book a trip

Two main sources of content:

1. Curated by newzealand.com Content Team
• in collaboration with RTOs and other industry stakeholders
2. Tourism Business Database (TBD) – product listings and deals

Vast content. Products and Deals widely integrated

The screenshot shows the top navigation bar of the 100% Pure New Zealand website. The header includes the brand name '100% PURE NEW ZEALAND', a location dropdown set to 'New Zealand', and a search bar. Below the header is a main navigation menu with seven categories: Destinations, Things to do, Itineraries, Transport, Accommodation, About New Zealand, and Travel deals. Each category has a list of sub-items.

Destinations	Things to do	Itineraries	Transport	Accommodation	About New Zealand	Travel deals

newzealand.com

The Tourism Business Database

Why list in the Tourism Business Database?

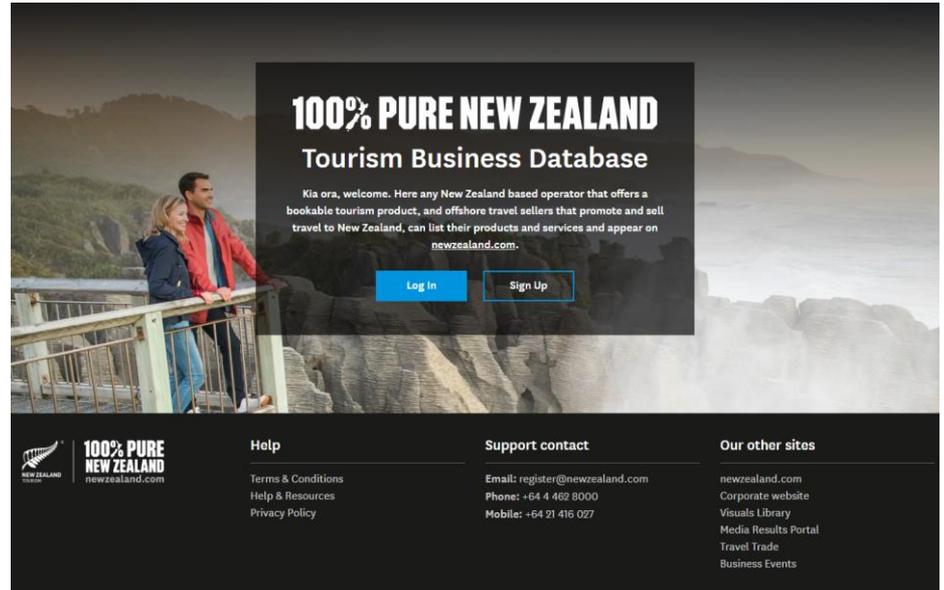

Free

Deeply integrated into newzealand.com

Allows your business to reach large international and domestic audiences

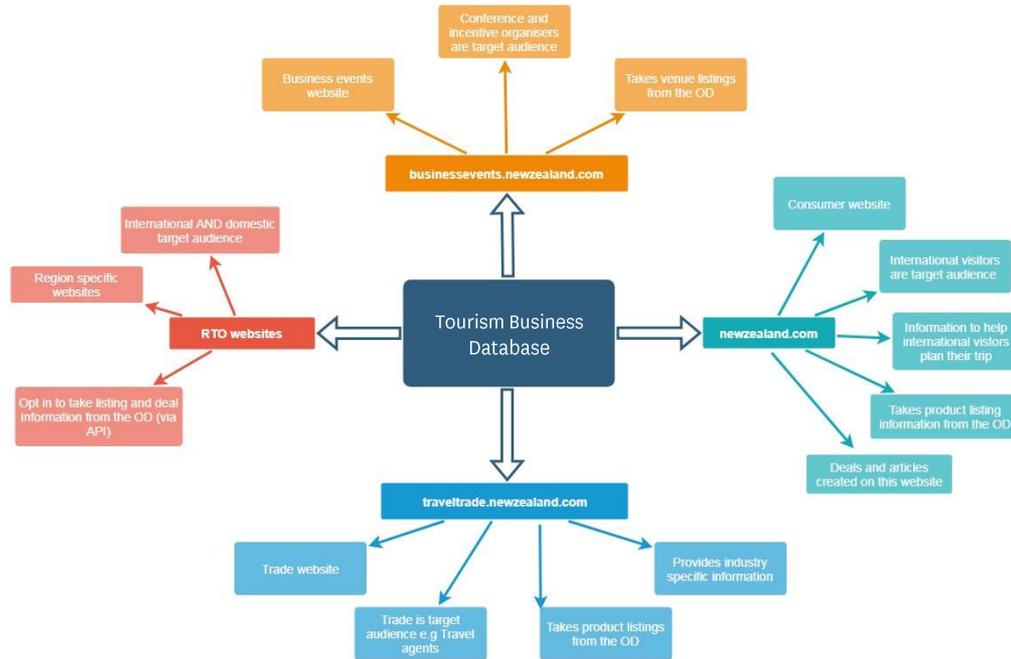

Can obtain leads by:

- showcasing tourism product and
- offering special consumer deals

Visit <https://register.newzealand.com>

Bonus: Your Product Listings and Deals reflect on your RTO site

Product Listings reflect in Hurunui Tourism's site:

<https://visithurunui.co.nz/>

Including current English markets deals loaded at:

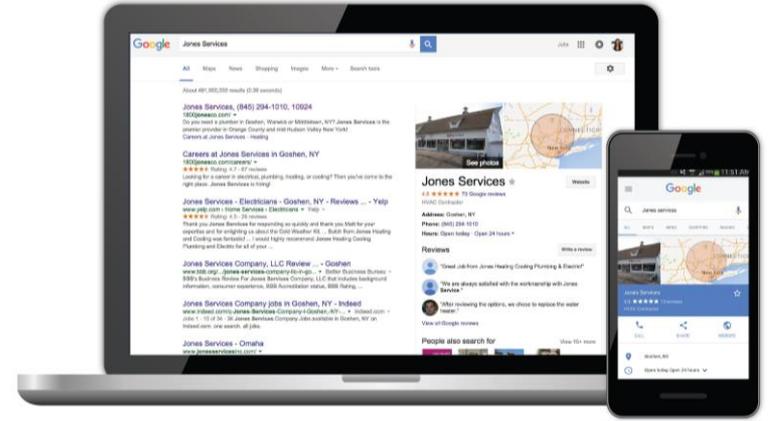

<https://visithurunui.co.nz/travel-deals/>

We also recommend signing up for two free Google products

www.google.com/intl/en_nz/business/
Google My Business is a tool for businesses to manage your online presence across Google, including Search and Maps.

Free resources including a small business digital marketing course.

www.analytics.google.com
Google Analytics lets you track and count traffic to your site from organic search or paid advertising

“Put yourself where your customers are”

**100% PURE
NEW ZEALAND**
TECHNOLOGY

Digital marketing - Think about the consumer's journey

It is easy to get caught in our own point of view – but marketing is for the consumer.

Things to consider online:

- Where are people coming from?
- Where do you want them to go on your site?
- What do they need to know to click to the next step?

You can make it easier for potential consumers to use your website with:

- Compelling information and images.
- Easy to use online booking.
- Clear linking to specific product information

Tourism Business Database Help Page

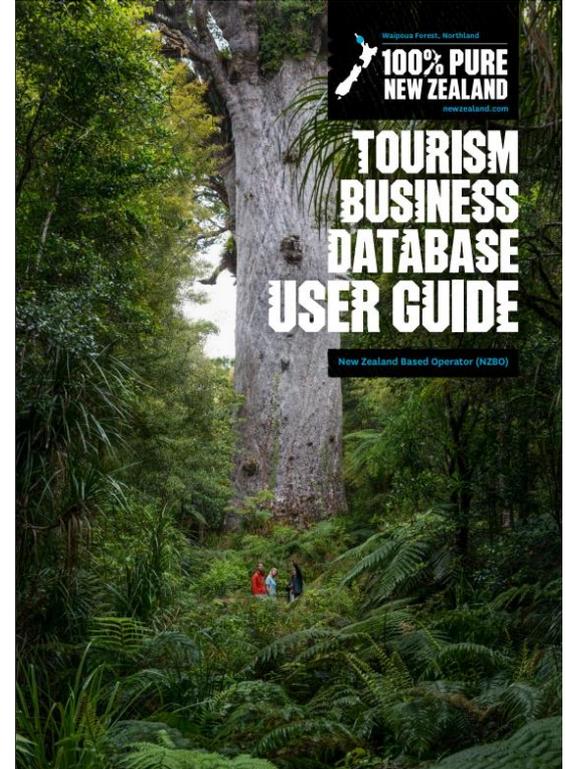

A user guide is available:

‘Tourism Business Database user guide for New Zealand Based Operators’

The guides can be found in the footer of the newzealand.com and the Tourism Business Database. I can also email you the link.

[COVID-19 - information for Qualmark Partners](#)

[HR Legal Support for tourism operators](#) >

SHARE THIS PAGE

Introduction

Dentons Kensington Swan is partnering with Qualmark licence holders to assist them with personnel issues raised by the COVID-19 crisis.

HR Legal Support for tourism operators has been established by Qualmark as another layer of assistance available to our members to continue to navigate a sustainable way forward through the COVID-19 crisis with a focus on business continuity.

This a great opportunity for tourism operators to get specialist guidance and support, for those who are having to adapt to the changed market conditions, focused on providing an understanding of the legal framework to make any changes in personnel arrangements lawfully.

Programme details

This three stage programme will provide Qualmark members with tools for managing changes in operations or duties and/or changes to workplace structures for the continuity of your business.

Stage one involves an initial one-hour, small group, online webinar covering the areas you've indicated you'd like guidance.

In Stage two Qualmark members will be provided with access to basic templates and resources for reorganisation and contractual variation proposals, which you can access as needed.

Stage three is a one-on-one session to support further conversation where a particular situation or issue may require further support. This will be offered in person, online or over the phone and will be provided by one of the Associates in the Dentons Kensington Swan's specialist employment law group.

HR Legal Support for tourism operators is available only to Qualmark licence holders, free of charge.

[Home](#) / [Businesses](#)

Your Businesses

Welcome, it looks like you currently do not have any businesses assigned to your profile. Let's get started ...

1. Add a Business

A business profile represents each of the businesses you own and provides a top level grouping of the listings for that business.

[Add a Business](#)

2. Add a Listing

Once you have completed your business information you can create a listing page to appear on [newzealand.com](#).

Adding a Business comes first and includes:

- Business name
(in some cases this may not be a product name)
- Provide information about the business. Logo, location, contact details, social media and TripAdvisor ID.
(again for some businesses this is different to the product information)
- Please Submit for approval.
You can save a draft to work on later if needed
- Tip: Prepare to quickly work through the process by writing your business Description in advance. Also save the Images you plan to upload to your desktop.
- Aim to complete the Business and Listings processes in 30 minutes each.

newzealand.com Business Overview

Introduces your product, inviting visitors to learn more or book

Main types of listing

- Accommodation
- Activity
- Tours
- Transport
- Travel Seller

Note: Listings don't replace or replicate your website – it's a summary.

The screenshot displays the '100% PURE NEW ZEALAND' website interface. The main navigation bar includes 'Destinations', 'Things to do', 'Itineraries', 'Transport', 'Accommodation', and 'About New Zealand'. The current page is titled 'Moutohorā: Island Sanctuary' and features a description: 'Discover the rare beauty of one of New Zealand's little-known treasures, Moutohorā (also known as Whale Island), home to some of NZ's most endangered birds and reptiles.' Below the description, there is a 'Contact Us' section with 'Book now' and 'Visit our website' buttons, and a pricing table showing 'Adult \$119.00' and 'Child \$59.00'. A 'TripAdvisor traveler rating' of 5 stars is also displayed. A large image shows a group of people on a boat viewing the island. A mobile phone overlay shows the listing on a smartphone screen, highlighting the 'Book now' and 'Call us' buttons.

About
The fascinating caves system on the western shore of Lake Te Anau offers an underground adventure that charms visitors of all ages.

Following a scenic cruise across beautiful Lake Te Anau, informative and friendly guides take you on an exploration of the caves by path and small punt.

Observe how the rushing water sculpts the rock formations, before gliding through silent darkness to the glowworm grotto. The delicate incandescence of hundreds of tiny glowworms is a magical sight.

See our website www.realjourneys.co.nz for departure times, prices and other great Real Journeys tours.

A Product Listing on [newzealand.com](https://www.newzealand.com)

Key things to know about creating a Product Listing:

- You don't need to wait until your Business is approved to start creating a product Listing
- Listings are generally for a **single product/ property**
- Can be created in nine different languages. TNZ suggests you focus on English as this stage.
- **Both the Business and the product Listing** need to be approved by TNZ before a listing will show on newzealand.com

To create a listing after a business is submitted

Listings for "Example Business"

Location and contact details	Edit 
Qualmark ratings and endorsements	Edit 

Save draft

Listings workflow

Same as Business Info. Submissions are moderated. Moderation takes 5-7 working days. You will receive an email with decision or with questions. Make sure your email addresses are correct.

Please allow 24 hours for approved listings to appear on newzealand.com

Tips for creating your product listing

- **Create one listing per product**
If the business offers different products, then you can create a listing for each one.
- **Name the listing with the website visitor in mind**
Think about what a visitor would expect your products to be called and name them accordingly. Match the names on your website. Leave out 'Co', 'T/A' and 'Ltd' if not used in consumer marketing.
- **Describe and differentiate**
What makes the product special or different from others of its kind? Make sure to outline this in the Description. Use the Summary to grab attention by briefly outlining what the product is.
- **Include your Qualmark License and Award**
Add this information to your listing so your award displays on newzealand.com. See the Qualmark Awards guide on the Tourism Business Database Help page.
- **Include High Quality imagery**
Each listing must have at least one relevant image. Select images that show what the product is and reflect it in its best light- a picture tells a thousand words so use this space well.
- **Use tags to categorise your product**
Tags help to further describe your product and help decide where your listing is displayed on newzealand.com. For the tag list go to the *Listing Tags drop-down field* on the create/ edit listing screen. Just choose the most relevant tags as there is a limit of five to help with user search.

Tip: Quality images sell the experience – The best images...

Show people in the right context when set against a landscape

Use natural lighting where possible

Make the images feel aspirational

Show interaction between people, so long as it appears natural and not acted

Show people in a landscape that is distinctly New Zealand

Make images appear un-retouched

Example: Accommodation images

- Get high quality images.
- More specifically:
 - Use wide-angle lenses (but don't overdo it)
 - Use natural light where possible
 - Show a variety of rooms (particularly important for trade)
 - 2400 pixels wide for christchurchnz.com
- 3-10 images per product listing is recommended.
- Images show in a carousel in the Listing section.

Deals on newzealand.com

Key things to know about Deals

- Submit after a Business and Product Listing are approved
- They can be specific to market editions of newzealand.com

Reminder: Product listings and deals are the top drivers of referrals

FY20 newzealand.com referrals : Total 2.5m

To make the most of newzealand.com operators need both Listings & Deals.

Deals are displayed in four or more places, contributing to the high number of referrals, on:

1. Your product Listing page for the life of the deal
2. The new Travel Deals area top right of newzealand.com's homepage
3. The Taupō page and nationally on your product type pages. To be fair to all, deals are rotated every 15 minutes.
4. Campaign and other landing pages

We advise using New Zealand AND International English for the most reach domestically.

(At the moment some NZers still land on the International English edition of newzealand.com but are prompted to visit the NZ edition. This is reducing as Google search recognised the /nz version)

Deals on newzealand.com – maximising your referrals

A travel deal is a significant value add or discount to normal rates

It show in a ‘tile’ on newzealand.com which advertises this special travel offer

It is designed to drive quality leads to your business and promote direct booking

It can be for activities, tours, accommodation, transport or a package.

Tips for creating outstanding deals

- **Have an attractive offer**

Stated in plain language. Think of what sort of deals will be impactful. Value added deals are welcome.

- **Clearly and succinctly state the deal**

Name the product in the title and include the region/ location. There are just a few lines to work with so keep sentences very short. You are welcome to leave some lines blank. Don't repeat text.

- **Link directly to an offer page on your website**

Rather than your homepage link to a deal page.

- **Make important terms clear**

Such as kids ages, family sizes and months a seasonal deal applies to. e.g. 'Kids 4-14 Ride Free', 'Family of 2 Adults + 2 Kids <12', 'Summer Special 1 Nov – 28 Feb'.

But don't try to explain all of the T&Cs in the deal tile.

- **Refer directly to a TNZ Campaign**

e.g. Warm up over Winter, Winter Wonderland, Escape from Winter.

- **Have a reasonable start and end date**

A deal should be for a limited time. Deals only show on newzealand.com for the date range you choose. Tip: Please note if the start date you choose is in the future the deal won't show yet. Choose 'Today' as the start date if this is what you want.

- **Use the Preview function**

You can Preview how your deal looks and edit it more than once before Submitting for approval.

- **Choose good imagery in your listing**

The image shown with a deal is always the **first one** you submitted in the Images section of your Listing so make sure you use great images.

- **Consider package deals with other operators**

Please note that these will still show in a specific Businesses Listing.

Examples of well-presented deals

Getaway Package 3 Nights package

20% OFF

[More information](#)

Waitomo Adventures Ltd

Common reasons a deal is declined, it:

- Is at rack rate or from a \$ rate that includes rack rate.
- Includes two \$ amounts but it isn't clear what their relationship is.
- Is confusing or unclear – it doesn't state what is being offered.
- Is inaccurate not matching pricing on the operator's website.
- Links to a page on the operator's website that doesn't mention or explain the offer.
- The deal promotes services which are always offered free (e.g. 'Free Wi-Fi' or 'Free Parking')
- Is for a very short time, for say under a week, so won't show on newzealand.com for long
- Is just a teaser 'Ask us about Specials'.

Deals Workflow

Same as Business & Listings.

Please allow 24 hours for approved deals to appear on newzealand.com

Making changes to product Listings & Deals

Product listings & Deals can be modified after they are created.

- Same approval workflow applies
- They require resubmission to Tourism New Zealand for review
- Moderation takes around 5-7 working days

Tip: Please don't resubmit until TNZ has approved content as the system becomes confused by Product Listings or Deals in more than one state at the same time:

- Resubmitted for approval by an operator and
- Approved to be published by TNZ.

More Tips for newzealand.com product Listings

A second User Guide designed for you to make the most out of your listing.

Gives the tops tips for having the best listing possible and the highest chance of referrals.

Can be found here:

<https://www.newzealand.com/int/utilities/operator-help/>

or also from the footer of the Tourism Business Database.

TOP TIPS FOR YOUR NEWZEALAND.COM LISTING

The purpose of your business listing on newzealand.com is to drive valuable traffic to your website so that people can find out more information on your product and then book it. It is therefore very important that you make the most out of your listing. Here are some top tips to achieve this and maximise your opportunity for referrals.

1. Enter a booking website/URL

Entering an Online Bookings Website automatically generates a 'Book Now' button on your listing. This makes it easier for people to make a booking directly for your product. The easier it is for potential customers to book, the more opportunities you have for referrals.

2. Create deals

Deals are the number one driver of referrals to businesses from newzealand.com, accounting for 45% of all referrals. Creating a deal to display on your listing is the best way to generate referrals to your website. You can do this in your newzealand.com profile by going to the 'deals' tab.

3. Use high quality images

Pictures are key to a good listing as they give potential customers a better feel for your product. Make sure your images are of a high quality, 1080 pixels wide is recommended, and clearly show what product is on offer. **It is recommended to use between 3-8 images in your listing.**

4. Have a relevant description

Make sure your content is easy to understand and specific to the product offered so potential customers know exactly what you are offering. Also check for spelling and grammar mistakes, before saving any changes.

5. Enter your Qualmark information

All business listings are displayed on newzealand.com based on their Qualmark rating. In order to appear higher up the listings it is important to add your Qualmark ID to your listing. Make sure to enter it in the first page of your listing. **For more information on Qualmark, contact enquiries@qualmark.co.nz.**

6. Enter your Trip Advisor information

Similarly to Qualmark, potential travelers can choose to filter business listings by Trip Advisor ratings. As Trip Advisor is recognised internationally, it is useful to add this information to your listing. You can add your ID number by going to 'edit this business' and then the Social Media tab. Make sure to tick the box to display your Trip Advisor information in your listing. **Trip Advisor information is refreshed around the 15th of every month so it does take some time for any updated information to appear on your listing.**

7. Enter social media links

You have the opportunity to add any relevant social media pages to your business information to display with your listing. This will generate the corresponding buttons on your listing for potential customers to look further into your products and business. The more information available to a potential customer, the more chance you have to sell your product to them.

8. Check your tags

When you create a listing you have the opportunity to select relevant 'tags' or product types. These determine where your product is displayed on newzealand.com from the order in which they are added. You should select the most relevant tag first, then other tags that might apply to your listing. **Tags are moderated so only select the ones that apply to the exact product you are listing.**

Make sure to save each page as you make changes to ensure all changes are submitted to Tourism New Zealand. Every change goes through a small approval process that can take 5-7 working days before they show on newzealand.com.

For any enquiries regarding your listing on newzealand.com or the Operator Database, contact the Tourism Database Specialist at register@tix.govt.nz or +64 21 418 077
